We are excited to introduce you to the Teamster Members Retirement Plan's new Executive Director, Maggie Peck. Maggie is committed to providing participants and Participating Locals with the highest level of customer service and will work tirelessly to ensure the success of the Plan. She is thrilled to be part of the Teamsters' family and working for a pension plan that provides benefits to, and only to, Teamster members, their spouses and their beneficiaries.

Maggie comes to us after a nationwide search. Maggie has extensive experience in pension plan administration, business management, organizational leadership and human resources.

Maggie, who has both a bachelor's degree in Business Management and a master's in Organizational Leadership, comes to us with a broad and diverse background in Human Resources and Management, Benefits Coordination and City Management. Her experience has included management of benefits including but not limited to renewals and claims for medical and liability coverages, hiring, staff training, contract negotiations for three bargaining units, authoring and implementation of policies, and management of City budgets, finances, and investments including the three pension plans. Maggie has three children, two in college and one in high school. In her spare time, Maggie reports that she enjoys volunteering for numerous organizations and watching her children play sports.

We are very pleased to have Maggie on board and look forward to a long and rewarding relationship with her. Also join us in extending our deep gratitude to Carrie Paragon who has served as Interim Executive Director of the TMRP over the past few months. Carrie threw herself into the job with great energy and professionalism, and we are indebted to her for her service to the Plan. Carrie will remain with the Plan as its Office Manager.

Please feel free to reach out to Maggie at the Plan Office with any questions about the Plan or just to say hello and welcome aboard.

Sincerely,

Board of Trustees
